### FAQ:

Thompson Speedway is as presented in the flyer. Track Time Monday, with Autocross on Sunday.

1) Thompson Speedway has another group renting the full track on Saturday. Therefore, the track is not available on Saturday.

2) Sunday we think that the full track is not scheduled for another group, but the track is not scheduled for our use.

Therefore, the track is not available to MBCA members and guests for use.

The track only rents out the track to groups, and does not permit casual drives.

Many drivers will be on the track concurrently. Possibly as many as 25 concurrent drivers, group by driver skill level, not car. On a prior MBCA outing, there was one car on the track at a time, to accommodate timers. This outing will not have track times and no races will be sanctioned.

We are promoting the weekend event as a learning opportunity.

So, the flyer is correct - We only promote track time on Monday, except for the autocross on Sunday afternoon.

for sale. Motorcar Classics is proud to present this pristine and original 1989 Mercedes Benz 560SL Roadster featured in #199 Blauschwartz (Blue-Black) metallic paint with Beige leather interior. It has

both the matching factory hard top and canvas folding soft top. This is truly an investment-grade example that has covered only 16,676 miles from new. It has never been damaged, the paint is all original, and there is not a blemish on the car. The 1989 model is the last year of Mercedes iconic R107 series, and arguably the most sought after by collectors. The car is unmodified with the exception of the installed Kenwood AM/FM/CD HD stereo with Bluetooth, but the original Becker radio is included along with the original books.
