## President's Message

Spring is here! It's time to hit the road and dust off the cobwebs of your Mercedes Benz. It's been a long winter and your board is planning an exciting year. We expect to go in person by June. Our big event as always is GREAT MARQUES which will occur on Sunday, September 19<sup>th</sup> at Old Westbury Gardens. We expect to be joined by our usual partners, BMW, Porsche and Ferrari. Our halo cars will be previous concours winners from our event or other concours' events. Watch out for ways you can submit your Mercedes Benz to be a halo car at the event! Over the summer we plan to have a Cars and Coffee event and a visit to the Garden City aviation museum.

Last year we had a record new membership of 135 new section members. This occurred due to the Mercedes Benz Rebate program where you could join and then qualify for a discount. Unfortunately, that no longer exists. Now you have to join at least 30 days prior to qualify. So, if you have a friend or a friend of a friend is planning to purchase a new or lease a new Mercedes Benz let them know. You know the benefits of being a member!

Stay well, stay safe! I look forward to seeing you at our events.

Oliver Seligman, NYC-LI, President

1963 MERCEDES-BENZ 230SL

PRICE: \$74,900

[MAKE AN OFFER](#)

1963 Mercedes-Benz 230SL Roadster for sale! Motorcar Classics is pleased to present this outstanding 1963 Mercedes 230SL Roadster featured in white with dark red interior, matching white removable Pagoda hardtop, and black canvas convertible top. The 230SL was the first of the W113 range, and this car is a very early example. Many

enthusiasts consider the 230SL to be the purest expression of the W113 design. Our 230SL is a European delivery car which still retains the handsome, rare and valuable European headlamps. Even more rare is the 4-speed manual gearbox sport package that makes these cars much more engaging to drive. The original Becker Europa radio is still fitted. The car was restored in 1982 at which time the car had 36k kilometers (about 21,600 miles) and today it shows just 60,404 kilometers (about 36,000 miles). All of the W113 variants are known for their timeless design and quality construction. This is a fine example that you can drive or show with pride. **Contact Craig Balaban - 516-8859356**
