The Viscardi Center is a NY State supported 4201 School for children & young adults with serve physical disabilities. It provides services to students that often require life sustaining medical treatment through-out the day in a traditional academic setting, while at same time providing a wide range of academic & athletic options that are very often available to its students nowhere else.

John Kemp, who became only the 4th President & CEO of The Viscardi Center in Feb, 2011, will be retiring this October. During John's tenure at Viscardi, he has broadened the vision of the school to include state-wide, national & international educational and employment outreach opportunities for all those with disabilities. Over that same period, he put the school on sound financial footing by almost tripling its endowment. As a person with a lifelong disability requiring the use of four prostheses, John has always inspired others to achieve the impossible...through knowledge, experience, personality and persistence!

John graduated from Georgetown Univ in 1971, Law School in 1974 and in 2006 John received the Henry Betts Award, widely recognized as America's highest honor for disability leadership & service. John has had a 50 yrs of "front-line" experience in the Disabilities Movement. In 1995, John Co-Founded the American Assoc of People with Disabilities. In 2014, John received the Senator Bob Dole Leadership Prize...the first disabilities leader in the US to receive this distinction.

The Mercedes Club, and all our Great Marques Car Club Partners, want to recognized The Viscardi Center's achievements over the past 60 years, helping educate & empower children & young adults with disabilities on Long Island and across America, realize their dreams & goals.

Lastly, we especially want to thank John for his being a BEACON of achievement, inspiration and especially dignity, in the way he's so memorably touched each child & adult with his rich & purposeful life's work...

Congratulations....
